REACH Regulation (EC) : 1907/2006

The **Registration, Evaluation, Authorisation & restriction of CHemicals** came into force on the 1st June 2007 with ongoing additions..

All substances manufactured and / or imported in quantities greater than 1 metric tonne per annum per legal entity, even if only supplied in mixtures or preparations, will need to be registered under **REACH**.

Company Statement

1. We confirm that we understand our obligations under **REACH** regarding the published list of substances on the **European Chemicals Agency** website, including subsequent updates :

http://echa.europa.eu/web/guest/candidate_list_table

2. In case of products supplied from outside the European Union / European Economic Area, we will ensure that our representative will carry out checks for registration as appropriate.
3. All substances in the products we supply, which require registration, will be pre-registered by me or an actor further up our supply chain.
4. We can confirm that we or an actor further up our supply chain will register all pre-registered substances with the European Chemicals Agency for the uses required by any business operating in Europe.
5. We will continue dialogue with our suppliers regarding safe use and risk management measures, safety data sheets, usage categories and substances of very high concern (SVHC).

Telecom Connections Limited are NOT producers or importers of raw materials / components and due diligence is performed periodically with our suppliers to ensure compliance of supplied products including packaging with **REACH** Regulations. To the best of our knowledge and based on the information provided by our suppliers SVHC as of the current Candidate List are not present in supplied articles above the threshold of 0.1 % (w/w).

Colin Dixon
Managing Director
